

Scottish Highlander

The Caledonian Canal, Loch Ness & the Highlands

Scottish Highlander: 🏠 First Class | 👤 8 Passengers | 👨‍🍳 5 Crew

Scottish Highlander has the atmosphere of a comfortable Country House with subtle use of tartan furnishings and landscape paintings, a reminder of the spectacular surroundings to be seen on your voyage through the Great Glen.

At 117 feet long, she is spacious and has every comfort needed for enjoying the magnificence of the Highlands during Spring, Summer and Autumn.

The warm and welcoming saloon features rich-coloured wooden panelling, large picture windows and comfortable leather Chesterfield sofas to relax in, perhaps with a mellow single malt whisky from the very well-stocked bar.

Accommodation for eight guests is in three twin/double staterooms and one larger twin/double junior suite, each one centrally heated and with en suite facilities.

There is a cosy observation area behind the wheelhouse where you can admire the passing scenery and chat to the Captain about life on the Caledonian Canal and its interconnecting lochs. On the forward deck area there is more seating where you can appreciate the far-reaching views and rugged highland landscape.
