## A NEW OUTLOOK

There is no doubt that 2020 has given us a lesson in what's truly important. Spending **time with family and friends,** enjoying the **great outdoors** and **exploring new places** were things we sometimes took for granted, but now we all appreciate them that little bit more.

Our boating holidays are all about these simple, but cherished moments. They are the ideal getaway in a world where we are even more conscious about personal space and escaping the crowds. Our boats offer the perfect sanctuary and a welcome opportunity to spend quality time together and all of our cruising routes allow you to steer clear of busy tourist hot-spots, appreciate the great outdoors and explore destinations from a more authentic perspective.

With no prior experience needed, we make boating easy for everyone to enjoy. Especially for those who live in Europe or Canada, where we may very well have a cruising region to explore right on your doorstep, or at least a car journey away. So... who's on board?

## WHAT'S NEW?

We continue to invest and modernise our fleet and projects that were temporarily paused in early 2020 will be finished and ready for the 2021 season.

• The refurbishment of our Mystiques and Royal Mystiques continues and will all be completed by the start of the 2021 season (see page **48**)

• Our premier Vision boats have had some big technical improvements to make them easier to use and operate, and their exteriors are receiving a 'revitalising makeover' for 2021. (see page **46**)

• We're adapting our operations in the Netherlands so that our larger boats can now start and/or end in Friesland, and do one-way cruises. They previously have been unable to access our base in this region. (See page **37**)

• Finally, our ever popular cruising region in Canada is receiving four more Horizon boats for 2021, increasing capacity (See page **49**)

## OUR TRAVEL SAFETY CHARTER

Your safety will always be our chief concern. Which is why we have carefully reviewed and adapted many of our procedures in order to provide additional safety measures across our bases and boats.

Of course, we all hope that 2021 will see a return to normality and some of the changes we've made will remain only for as long as government guidance stipulate. However, some of the changes we've made have made us more efficient and our arrival experience quicker and and easier than ever. so we will be keeping some in place indefinitely.

So put your mind at ease by reading about our Travel Safety Charter, and then start thinking about your holiday – that's what you're really here for!

## LESS TIME IN RECEPTION AND A QUICKER DEPARTURE

Using videos, virtual briefings and pre-departure calls, you will be asked to complete most of our check-in procedures from home – reducing the time you need to spend in reception and allowing you to leave with your boat much faster.

## **ENHANCED CLEANING**

As well as intensive cleaning between customers, our boats are disinfected with a fine spray that kills all types of virus and bacteria on every surface, including upholstery and mattresses. Our reception areas are also cleaned more regularly with particular attention to high-touch points.

## **KEEPING OUR DISTANCE**

We'll continue to monitor government guidelines and adhere to social distancing guidelines as appropriate. Perspex screens, floor markings, a limit to one customer per booking in reception and staggered arrival times for guests are in place to help us manage this and will remain for as long as necessary.

## WHAT OUR CUSTOMERS SAY

<sup>66</sup> You made it super easy, we were away from everybody and everything here was set up perfectly.

D. Clark Canada

<sup>66</sup> It's all been extremely efficient, Covid-19 secure - very easy. I'd recommend it thoroughly to anyone... 99

# **NEW TO** BOATING HOLIDAYS?

## No experience necessary, no licence required!

If you've never been on a boating holiday before, the concept is simple. We provide you with a boat, which will be your home and transport for the duration of your holiday. Pick it up from one of our many bases, situated along some of the most beautiful waterways in Europe and Canada, and the rest is entirely up to you. Go where you want; do as you please. The only requirement is that you return it back to the base on time.

## IT'S EASY PEASY!

Not many of our new customers have driven a boat before. However, they quickly realise how easy it is and soon become confident navigating the waterways. Our base teams will tell (and show) you everything you need to know, to make sure you are completely happy with the controls. And the predeparture, arrival and on board information we provide has been thoughtfully put together to ensure you have relevant and helpful information at hand exactly when you need it.

## GET A HEAD START

For boating 'newbies' – why not check out our helpful boat handling videos, safety advice and other online resources? Reviewing this before your holiday can aid your understanding of what you are told during the pre-departure briefing and will help you to become confident with the boat and the waterway more quickly.

## IT'S NOT JUST ABOUT THE BOAT

Boating is a lot of fun and a most relaxing way of getting about. However, you will treasure the moments you leave your boat just as much. The waterways provide you with an ever-changing playground and somewhere new to explore, every day.

### PLAN YOUR TIME IN DETAIL OR TAKE EACH DAY AS IT COMES – WHATEVER SUITS!

There is a waterways map on board which makes it very clear where you can and can't go. Other on-board information tells you approximately how long it will take you to travel from point to point, where you can moor and what you can expect to find in each waterside town or village. Some people like to plan their holiday itinerary in fine detail. Others enjoy waking up each morning and chatting about what to do that day, around the breakfast table.

## **IT'S ALL ON BOARD**

All our boats have comfortable cabins; hot water, showers and toilets; dining tables and fully-equipped kitchens – everything you'll need to be self-sufficient for the duration of your holiday. You can travel from place to place, without the need to keep unpacking and packing again! For more about our boats, see pages 42 - 59.

## CRUISE FOR AS LONG AND AS FAR AS YOU WANT

In many of our boating regions, we have more than one base, which means you can either return your boat to the same base you started from, or you can cruise one-way between two bases. You can book any duration from a three-night short break to a two-week holiday, or even longer. We won't allow you to book a duration that doesn't allow enough time to get to your destination base. We've provided helpful cruising suggestions on our destination pages, to show you how long it will take to cruise between bases. An average of three to four hours cruising a day is quite a nice pace.

## LOCKS ARE EASY... AND GOOD FUN!

Going through locks is an enjoyable part of your holiday. It gives everyone on board the chance to get involved, no matter their age or experience. You'll quickly get the hang of them and enjoy the crew camaraderie and the opportunity to chat with fellow boaters. The types of lock vary by region, whether manuallyoperated or electric; automatic or manned by a lock keeper.

## SEE OUR SUGGESTED ITINERARIES ONLINE

Although our holidays offer the freedom to go where you please and stop when you want, we understand that sometimes it's just easier to have a plan – and even better if that plan is already made for you. So we've put together a ranges of suggested itineraries for each of our cruising regions to help you decide which route is best for you and to show you what your holiday might look like once you're there. Remember though – they are just suggestions. Although your start and end base are fixed once booked – what you do in between can be flexed and changed as you go along.

## Colourful traditions, ancient ports and wonderful wildlife

You'll love it's bustling seaside resorts, by day and by night, excellent sandy beaches and traditional lifestyle which includes local festivals, jousting and modern-day cowboys.

Excellent seafood restaurants and pretty fishing villages.

Sandy Mediterranean beaches and sunshine from April to October.

- Abundant bird and wildlife in the wetlands and lakes, including pink flamingos. May - June is the best time for birdwatching.
- AOC Costières de Nîmes wine cellars at Gallician.
- Saint-Gilles and its beautifully-restored historical centre.

The Camargue region has few locks, and no locks on the Etang de Thau (it's an inland sea water lake), so it's perfect for anyone new to cruising or looking for an easy cruising experience. You are advised to moor in the harbours at night as larger barges passing by could pull you away from makeshift moorings.

Most locks and lifting bridges are manned by lock-keepers, with breaks for lunch and tea. You need to pay a small charge to pass through locks, so keep small change handy.

To visit Amsterdam, we recommend you moor at Weesp and take one of the frequent trains to the city centre. This takes around 10 minutes. Alternatively moor at Six Haven Marina opposite Amsterdam Central Station where you can catch a free 24hr ferry to the city centre.

Please note: It is not possible to cruise from Hindeloopen-Stavoren to Amsterdam and then return to Hindeloopen-Stavoren in 7 nights. If you wish to visit Amsterdam from our Hindeloopen-Stavoren base, you should allow 14 nights for this or consider take a train to Amsterdam instead.

Our Hindeloopen-Stavoren base is split across two sites with our larger boats departing from Stavoren. The towns of Hindeoopen and Stavoren are very similar in size and character and are an equal cruising distance to the waterway intersection that leads to the rest of the Friesland region.

### Regal cruising along the famous River Thames

Our two bases at Benson and Chertsey are ideally placed to explore what is arguably the most beautiful stretch of the River Thames. Cruising in either direction will take you to some of the oldest and prettiest towns and villages in the heart of England.

All the locks on the River Thames are electrically operated. There is no charge to use them. Open on bank holidays. Cruising beyond Teddington Lock towards central London is not permitted.

Locks are manned between 09:00-17:00 (April & October), 09:00-18:00 (May, June & September), 09:00-18:30 (July & August). Lunch break 13:00-14:00. Outside of these hours, locks can be operated yourself.

No navigation after dark.

You cannot navigate your boat into central London, but it is easily accessible by train.

Download our Thames Guide for over 70 pages of detailed information about the

Thames, plus a handy illustrated map.

### STEP 2: CHOOSE YOUR BOAT

With over 40 models to choose from, you are sure to find a boat to suit your party-size, budget and expectations.

Comfort

Comfort plus

Good-quality, stylish and well-equipped boats of varying ages, designs and styles. Please check individual listings to check which features are on board each model. All Comfort and Comfort Plus boats have electric-flush toilets and the ability to hook up to a shore power supply as standard. he newer of these boats (Comfort Plus) are more spacious, have air conditioning and have been refurbished for our 2020 season with new upholstery, curtains, Bluetooth radio and complete kitchen inventory. Please note, our refurbishment programme excludes our Minuetto 8+ boats which are only two years old.

### Budget

These older boats are our 'much-loved classics'. Although the décor is more traditional and the features and fittings are basic, they are clean, superbly maintained and are equipped with all the essentials for a comfortable stay – including bed linen and towels.

### PREMIER

These outstanding boats are the newest models in our fleet, and with that comes up-to-date engineering and an array of modern & carefully considered features and fittings. Our Premier boats all boast an impressively spacious top deck area, with barbecue hotplate and coolbox as standard. The saloon and kitchen areas are light and spacious with over-sized windows, the bathrooms are roomier and both front and rear thrusters make mooring and manoeuvring a breeze. You'll be the envy of the waterway on board a boat from our Premier range!

#### Comfortably sleeps

All our boats are classified according to how many people they comfortably sleep. If a boat is listed as 6+2 it means that it sleeps six people comfortably in cabins, with the option to sleep two further people on a convertible bed/settee in the saloon area or a smaller cabin.

double beds

Single bed

Single beds Bunk beds convert to

Double beds

Seating converts to double or single bed

#### **Boat layouts**

Every boat has a layout which shows the internal arrangement of the cabins, bathrooms, saloon, and kitchen galley. Use the layout to see if there will be double, single or bunk beds; whether there are internal steps and how many bathrooms are on board. Many people also like the option of having a spare cabin to store belongings.

#### Boat handling demonstration

You'll be taken out onto the water for a hands-on cruising demonstration by one of our base team. It's a good idea to appoint one member of your party as Captain so that he or she can be shown how to drive and manoeuvre the boat. Don't forget, a boat needs a 2nd-incharge and a crew - so teamwork is very important! Your nominated Captain and 2nd-in-charge will be shown how to manoeuvre your boat for mooring; how to drive your boat safely and responsibly and, where possible, how to go through a lock. It is important that you feel confident before setting off, so rest assured you will be given all the help and advice you need beforehand.

#### Checking-in

To ensure a quick and hassle-free arrival, you will be asked to complete many checking processes at home, prior to your departure, This includes the completion of an online 'Guest Information Form' and there is a safety video, which your whole party must watch.

When you arrive, you can expect a warm welcome from our friendly base team, many of whom speak several languages. Our receptionist will complete any outstanding paperwork and will offer advise, recommendations and answer any questions you have about your cruising region. Any pre-booked groceries and extras will be on board ready for you (see page **60** for more information about holiday extras).

### WHAT'S ON BOARD?

Stylish décor and comfortable furnishings, as well as light and airy interiors

are hallmarks of our fleet. What's more, our boats are so stable on the water you don't have to worry about feeling seasick!

### AT A GLANCE

*01* Comfortable beds, pillows, duvets and bed linen.

 ${\it 02}\,$  Fully-equipped kitchen with fridge(s), gas oven, stove top, dishes & utensils, towels & tea-towels (but not beach towels).

**03** CD players and flat screen DVD players come as standard on some models or are available for hire from some of our bases.

*04* Cruising maps, Boat & Navigational Manual, and tourist information.

**05** Safety equipment – life-ring, life-jackets, boat hook and fenders.

06 Basic first aid kit.

**07** Outside table, chairs and parasols - depending on the model.

08 Deck equipment - mooring pegs,

mallet, mop, bucket, and ropes.

09 Bathroom facilities with hot showers.

**10** Warm air heating, fans or air-cooling, or air-conditioning varies according to each model.

Air cooling uses canal/river water to produce cool air which is blown out through vents whereas air conditioning is thermostatically controlled and can keep the internal temperature up to 10°C below the external temperature. Please note: the performance of both systems significantly reduces if canal/ river temperature is too high.

Their clever design has kept them low and narrow enough to access all of the waterways on which we operate. Yet inside, the high ceilings, roomy showers, spacious saloons/kitchens and oversized windows make them light and airy, with plenty of room to comfortably enjoy your holiday.

Above deck, the outside space is equally as spacious, with built-in barbecue hotplates and ample seating to enjoy alfresco dining together with family and friends. Separate sunbathing areas allow you to soak up the rays without getting in the way.

The Horizon fleet has five different models to choose from (sleeping from 2-12 people). Our smallest Horizon boat (Horizon 1) is perfect for couples has one ensuite cabin and a second cabin for extra storage or for two additional people), for large groups (our largest Horizon 5 has 5 ensuite cabins) and everything in between. # The Vision fleet

Our Vision range continues to turn heads on Europe's waterways, with its sleek design, enviable sundeck space and premier onboard features.

### SEE **PAGES 50-55** FOR DETAILS AND DECK PLANS OF ALL OUR BOATS

They are impressively large, yet easy to manoeuvre. Which makes mooring and passing through locks a breeze.

Each Vision model - unique to Le Boat - boasts a contemporary, stylish and spacious interior that is sure to please any cruiser expecting the best that boating in Europe has to offer. The ensuite cabins are large and, on the 3, 3SL, 4 and 4SL versions - are of equal size so everyone on board can enjoy the same space. On top, you'll discover a huge upper sundeck for countless hours of sunbathing and relaxing with a premier view of the captivating landscapes and wildlife along the water's edge. On cooler evenings and hotter days, you'll enjoy onboard heating or air conditioning comfort. With a stylish design and advanced features, the Vision is the perfect river cruiser to explore the wonders of Europe on a dream holiday.

The newer Vision SL models have a staircase which provides direct access from the sundeck to the galley, otherwise they are the same as the Vision 3 & 4.

Available with 2,3 AND 4 cabins, all cabins en-suite with air conditioning

Modern fully equipped kitchen

### Same boat. Same comfort. **Better experience!**

Some of our customers told us that they found our Vision boats to be a little complicated to use and operate.

So, we have made some BIG technical changes to the boat's controls and onboard systems... and now they are a lot easier, much like new Horizon boats.

For those who have experienced the Vision before, you'll see little change. You'll find the same great space, layout and features as before. The only thing notably missing is a joystick, which we've replaced with easy-to-use Bow AND stern thrusters to propel the front and rear of the boat sideways. You will notice a more straightforward pre-departure briefing and a more relaxed feeling as you cruise and operate the boat with greater confidence.

Plus, the exteriors of our Visions are receiving a facelift so they'll all look shiny new for the start of 2021

### FINES, LEVIES AND CHARGES

You will be responsible for any fees or fines levied by, without limitation, the water police, emergency units, salvage/towing companies which are as a result of you and your party's negligent acts or omissions or unacceptable behaviour. We may, at our discretion, make a charge at base to cover the value of any such fees or fines.

#### **ENGINE HOURS**

Onboard equipment will record how many hours you run your engine for during your cruise and you will be charged an hourly rate when you return your boat – payable at your end base in local currency. This cost covers the fuel you use to power the boats engine and onboard systems (such as heating), as well as gas and general engine wear & tear. The 'hourly rate' differs by region and boat-type, depends on market rates of fuel and is subject to change. Our Sales Team can give an idea of our current rate prior to your holiday and the actual rate can be confirmed at check-in.

#### **ENGINE HOUR DEPOSIT**

Before you depart, you must leave a deposit for the Engine Hour charge in local currency. At the end of your cruise, your engine hour charge will be calculated and you will either be refunded the difference or asked to pay any excess hours used. If you have paid for fuel as part of a pre-paid package (see page 56) then a fuel deposit will not be required.

### ARRIVAL TIME

For Early Check-ins (if pre-booked) you should arrive from 11am. Standard check-ins start FROM 2pm. We will try to stagger arrivals to reduce the amount of customers on site at any one time and enable us to get you settled on board as quickly as possible. To help us achieve this, you must confirm your expected arrival time when you complete the online Guest Information Form, which must be completed at least 72hrs before you depart. We may contact you in the week of your departure and ask you to arrive slightly earlier or later, depending on the number of other departures the same day. We ask that you stick as closely to your agreed arrival time as possible.

After you arrive, we'll need to spend some time with you completing the check in processes and we will then advise you when you can expect you predeparture boat briefing to take place. You won't be able to leave the dockside straight away, but we'll get you set up and ready to go as soon as possible.

#### **RETURN TIME**

Your boat should be returned and unoccupied by 9am on your last cruising day (or by midday if you have booked a late check-out).

Please be mindful that the locks in some regions don't open until 9am, so you will need to be through the last lock before they close the previous day.

You may spend your last night at our base if you wish. If you would like to check out early – just let our base team know in advance so they can prepare for your return.

#### **RETURN CRUISING**

On a return cruise you can visit villages and towns on both sides of the waterway and spend longer in the places you love most. As captain you decide how far you travel in a day – just plan to be back at the base to hand over your boat at the correct time.

#### **ONE-WAY CRUISING**

Our network of bases means we can offer more one-way cruises than any other operator, giving you the best opportunity to see more without retracing your steps. All you have to ensure is that you arrive at your end destination on the correct date and time. Please also note that for operational reasons, the direction of your one-way cruise may need to be changed at short notice, or switched to a return-to-base cruise. One-way supplement applies - varies depending on route.

### **CAR TRANSFERS**

If you book a one-way cruise and are travelling to your start base by car, we can arrange for it to be transferred to your end base while you cruise. This must be prebooked and a fee applies, which varies depending on the distance between bases. See our booking terms and conditions for more details and exclusions. Not available in Germany or Canada.

#### SHORT BREAKS (AND LONGER BREAKS)

All our return cruises are suitable for 3, 4 or 5 night short breaks, or you can choose one of the specific itineraries outlined in the brochure. Short breaks can be booked in advance during low and midseason. In high season ( $3^{rd}$  July - 20<sup>th</sup> August 2021), short breaks can only be booked within four weeks of departure. Longer cruises of 10 days or more can also be booked subject to availability.

### **CRUISING DISTANCE & TIMES**

We base our cruising distance estimates on the experience of our teams, working on an average speed of 7.5km/hr for most regions. The time taken to go through a lock will vary according to the time of year, how busy the waterway is and whether each locks is manned or self service when you pass through them. We allow an average of 12mins, but this does not take into account waiting times which may also be necessary.

### FUEL

Your boat is supplied with a full tank of diesel at the start of your cruise and you will not normally need to refuel en-route. The cost of fuel is included within an 'engine hours' charge – which, is charged for locally, in local currency, when you return you boat. (See page 63 for further details).

### MOORINGS

Generally, there are plenty of places to moor along the public canals or riverways. There are some restricted and private areas, but in most cruising regions, finding moorings is not a problem – sometimes a charge will apply. You may however, prefer to moor in a public or private marina which, for a fee, offer facilities such as electric hook-ups, water refill, showers, etc.

Germany: Overnight mooring on canals is not permitted in Germany. Here, you may drop anchor in a lake or moor in a marina at your own expense.

Italy: For customers visiting Venice, the surrounding lagoon and waterways can get very busy and there are always difficulties in finding somewhere to moor. Exclusive private moorings will be available for all Le Boat customers cruising to or from Casale for which a compulsory supplement will be charged. This is payable at time of booking. Please speak to our Sales Team for more details.

Canada: You are only allowed to moor in private marinas, town/village marinas and Parks Canada moorings (situated at lock stations) which all provide overnight moorings for a fee, with varying facilities and services. However, a mandatory fee will be charged to Le Boat customers and covers overnight moorings at all Parks Canada sites, as well as the town/village marinas of Portland, Seeley's Bay, Perth and Westport – a significantly reduced rate than the fee charged locally at each of these moorings sites. Availability at these sites is on a first-come, first served basis (and in Westport is it also limited to two boats at any one time - subsequent boats will be charged). The supplement excludes the use of services such as shore power, which is available in some locations. Other mooring options are available for a fee, which is payable locally.

Scotland: There is a charge for the use of all waterside facilities and moorings along the Caledonian Canal, which we are required to collect in advance of your cruise. This will be added, as a cost, onto your booking.

### PUMPING OUT WASTE WATER

In France (except Lot), Belgium and Italy, pumping out is not required. In Canada, England, Scotland, Ireland, Netherlands, Germany and on the River Lot in France, all waste water is stored in onboard tanks and must be pumped out at waterside services at your own expense. Our base teams will happily provide details of the local pump out process, locations and costs at check-in. Depending on usage and occupancy, pump-out is usually required every 2 -3 days. Waste water will be pumped at the end of your vacation at the Le Boat base without charge.

### PLANNING YOUR CRUISING ITINERARY

The cruising suggestions and routes we show in this brochure are just an indication of what can be accomplished and we cannot guarantee they can be always be achieved as shown. Unforseeable circumstances (such as weather local closures technical issues, etc) may mean a particular is route may become unachievable so you should be flexible with your plans and expectations. Many customers like to plan their holiday in advance, while many simply 'make it up' as they cruise. So long as your route only includes waterways listed in this brochure and that you return your boat to the booked end base by the agreed time and date. To help you plan, there are maps and guides on board, or you can download a region guide from our website. You could also buy a detailed Waterways Guide or cruising map in advance of your holiday -visit our website or speak to our Sales Team for recommendations.

### LICENSES

You don't need a special boat license to hire or drive any of our boats unless you cruise in some areas of Germany. Where licenses are required, they need to be obtained in your country before arriving on holiday and you should send a copy to our sales team when you book so that they can confirm the license you have will be accepted by the German authorities. Please speak to our Sales Team for more information about which licenses are required and how to obtain one. Please note: In areas of Germany where no license is required, customers without a license are required to attend an extended 3hr briefing which begins at 1pm.

#### **TRAVEL & PARKING**

If you are driving to the base you'll find maps, GPS co-ordinates and address details on our website – or alternatively ask our Sales Team. Parking facilities vary according to the base you are visiting. Some bases have secure parking and/or garages on site or nearby which can be used for a small charge when booked in advance. Our Sales Team will be happy to advise you on parking options, taxi companies and costs.

#### WHAT TO PACK

Soft bags are much better than suitcases! Remember to bring rubber-soled shoes and leather or gardening gloves are useful when holding the ropes in the locks. Binoculars and a torch are also a good idea.

#### TVS, MOBILE PHONES & WI-FI

TV screens are provided on some boats on which to view DVDs only. Because of the high likelihood of poor reception, they are not intended to view scheduled local programming. In some cruising areas you may find it is not possible to get a good mobile phone or internet signal. Coverage is usually better nearer the towns and villages, where there is also often Wi-Fi access too. Wi-Fi packs are available for hire in France.

#### ELECTRONICS AND POWER

All boats have a 12 volt power sockets (as you would use in a car) which can be used to plug in your adapter lead for a mobile phone or any other low power equipment. Some models also have 110/210V/220V plug sockets (you will need a plug adaptor suitable for the country you are visiting). On most boats, these sockets only provide power when cruising or when 'hooked-up' to a shore power supply. Our new Horizon boats also have USB sockets in the saloon and all cabins.

#### MINIMUM AND MAXIMUM OCCUPANCY

Our boats are not insured to accommodate and transport more than the stated capacity advertised. The minimum number of people required to hire a boat is 2 adults.

### AGE LIMIT

You must be 18 years old to hire a Le Boat selfdrive cruiser; 21 years in Ireland.

#### LOCKS

You will find various different styles of locks on the canals and rivers in our destinations. Some are electric, some are manual. They can be automatic or either operated by a lock keeper or self service (and this may vary throughout your holiday). Opening hours will be advised by your base, as they vary from country to country, and in different cruising regions. Locks are generally open every day but some are closed on Public Holidays. If you're looking for lock-free cruising, then a return-to-base cruise from our base in St.Gilles in the Camargue is a perfect choice.

#### **CUSTOMER GUARANTEE**

We want you to enjoy a great cruising holiday and will do our very best to ensure this is the case. In the event of a problem or breakdown, please let us know as soon as possible. We will try to resolve this as quickly and effectively as is reasonably possible so you can carry on enjoying your cruise. If we are unable to resolve a particular problem, any appropriate compensation, refund or gesture of goodwill will be discussed with you.

#### **VISITORS TO CANADA**

When travelling to Canada you must check with your foreign office and the Canadian authorities that you have the correct passport and comply with the visa requirements. Under Canada's ETA program, citizens from countries other than the United States, who do not need a visa to enter Canada, will need to obtain an online authorisation before flying to Canada, unless otherwise exempted. The earlier travellers get their ETA, the sooner they will benefit from knowing they have been pre-screened to enter Canada. A fee of around \$10 is payable for processing an application for an electronic travel authorisation. An application for an electronic travel authorisation must be made by means of an electronic system that is made available by the Department (Citizenship and Immigration Canada) for that purpose. An electronic travel authorisation is valid for a period of five years from the day on which it is issued , unless it is cancelled, a new ETA is issued or if your passport expires before then.
