# The Elixir Difference

The Elixir Balance Concept© is based on two ancient Greek principles. That a healthy mind resides within a healthy body and that balance is achieved when all is in good measure.

On an Elixir cruise we give you the choice of 7 activity styles to mix and match and achieve your personal inner balance.

Relaxing, Active, Wellness, Fitness, Educational, Experiential, Cultural

While you may choose a rigorous hike, your fellow passenger might prefer a massage at our indulging spa. While you may join a cooking class, another might prefer to enjoy a yoga session on the beach.

There is no right or wrong combination, it's all about what your soul desires at the time. That is why no cruise with us can ever be the same, no matter how many times you join us.

Our Cruise Director in collaboration with our Resident Wellness Coach will happy to help you create your own perfect plan.
