Why CroisiEurope?

Taking Care of the Environment

CroisiEurope's longstanding environmental position focuses on nature as our most valuable asset. This commitment is an integral part of the company's culture through a series of concrete actions both within our company and on board our ships. CroisiEurope applies the strict requirements of the CDNI (Convention on the Collection, Deposit and Reception of Waste by Inland and Rhine Navigation) for navigation on the Rhine across all its rivers.

Some of our Environmental initiatives:

- Filter water on board
- Water saving devices reducing consumption by over 35%
- All our ship engines have the "Green Ship Label"
- We use biodegradable and environmentally friendly cleaning products

CroisiEurope takes you away for so much less yet offers so much more...

Since 1976, CroisiEurope has been offering quality cruises at affordable prices, giving our customers the opportunity to cruise the world's most beautiful waterways

As an independent, family-owned business, we are able to provide great value for money as we handle the entire operation from beginning to end: from the design and building of our ships and fleet maintenance, to creating cruise itineraries, sales and marketing and highly trained staff and crew. This gives us the ability to manage our costs carefully and allows us to provide you with exceptional value for money. Additionally, we concentrate on things that matter most: friendly and knowledgeable staff, well-appointed, comfortable cabins, reliable and safe ships, excellent food, incredible itineraries and a delightful experience of European culture. Each member of our crew is a highly trained professional with a passion for what they do and a commitment to excellence. Inspired itineraries include iconic favourites, fascinating excursions with knowledgeable guides, as well as an opportunity to explore lesser known places and immerse yourself in local culture. While most of our sightseeing tours show you the must-see sights, we also offer options for our active guests.

Providing exceptional dining is our passion. Our head chef, Alain Bohn, a long-time member of La Chaîne des Rôtisseurs and Maîtres Cuisiniers de France, and our onboard culinary team strive to tempt your taste buds with classical favourites and local delicacies paired with a generous selection of wines from each region the ships are sailing through. Our cruise managers and on-board hosts take care of every detail.

QUALITY CUISINE, ACCLAIMED BY OUR PASSENGERS

Respect for French culinary traditions is one of our company's strengths. The meals are designed by the company's Head Chef, Alain Bohn, a member of the Maîtres Cuisiniers de France association, which includes only 250 chefs worldwide, and of the Chaîne des Rôtisseurs. With his team of chefs, he designs each menu in the pure tradition of French gastronomy, while bringing out the local tastes and flavours of the regions and countries we travel through. Our wines are selected to accompany each of your meals. We adapt our menus and offer alternatives to passengers with special dietary

requirements. From time to time, CroisiEurope teams up with top chefs such as Marc Haerberlin or Maison Paul Bocuse to organise gastronomic cruises that are full of taste and flavour.
