When a Vision Set Sail

From the very beginning, the Lüftner family followed every stage of the construction process of the flagship m/s AMADEUS vessel with personal dedication. Their vision was clear: to create a ship that offers a refined experience they themselves would seek when traveling Europe's rivers.

Award-Winning: The Silver Series

With our Silver Series, we were among the first European river cruise owners to introduce the idea of exceptionally spacious designs. Each ship features suites with walk-out balconies and luxurious cabins with drop-down panoramic windows.

The Evolution of the AMADEUS Fleet: Growing Year by Year

1997 — 1998 — 2001 — 2003 — 2005 — 2006 — 2009 — 2010 — 2011 — 2013 — 2015 — 2016

OUR ANNIVERSARY 2027

Celebrating 30 Years of AMADEUS Ships

The AMADEUS story is built on more than half a century of passion, expertise, and a true love for river cruising. Long before our first ship took to the water, Dr. Wolfgang Lüftner was already navigating Europe's great waterways as a cruise director, making him one of the true pioneers of this unique style of travel.

During those early decades, our foundation was shaped by successful ship charters and a deep understanding of what makes a river voyage truly unforgettable. It was this wealth of experience that inspired a new vision for Wolfgang and his wife, Martina Lüftner: to design, build, and operate their own dedicated fleet of ships that would redefine the standards of timeless luxury, elegance, style, and comfort on Europe's rivers.

That vision became a reality in 1997 with the launch of the very first AMADEUS ship, marking a defining milestone in our history. It set a new benchmark for premium river cruising and laid the foundation for the 30 years of shipbuilding excellence we celebrate today. Driven by an innovative spirit and an uncompromising commitment to quality, a remarkable succession of custom-built vessels has followed, including the launch of a new ship every year since 2015. As one of the few family-owned and operated companies in the industry, we take great pride in our more than 50 years of expertise and in the enduring heritage of the AMADEUS fleet. What began as a single dream has evolved into our family's lasting legacy.

Defining Luxury River Cruising

With a new ship joining the fleet each year, AMADEUS has evolved into an internationally renowned name in luxury river cruising, recognized for setting new standards in elegance and hospitality. Today, one of Europe's youngest fleets reflects our pursuit of innovation and effortless sophistication.

2027

Forging the Future

In 2027, our newest fleet member AMADEUS Mira makes its mark on the future. Setting sail with state-of-the-art hybrid technology, this ship features efficient heat recovery, solar panels, and advanced energy systems. Here, high-tech innovation meets finely crafted details.

THE AMADEUS EXPERIENCE

The Best Journeys Feel Personal

Stepping aboard an AMADEUS cruise feels a little like coming home – welcoming, comfortable, and thoughtfully designed from the very first moment. Yet beyond the elegant interiors and refined atmosphere, it is the people on board who truly define the experience. From the warm greeting at embarkation to the personalized service throughout the journey, every detail is shaped by genuine hospitality and heartfelt care.

A Passion You Can Feel

It is often the smallest gestures that leave the greatest impression. Don't be surprised if your waiter remembers exactly how you like your eggs prepared, if the bartender already knows your favorite cocktail, or if our onboard musicians play the song that brings you to the dance floor. With decades of experience welcoming discerning travelers from around the world, we have learned that exceptional service begins by seeing every journey through our guests' eyes. Long after the voyage has ended, it is often the kindness, attentiveness, and smiles of our crew that remain among our guests' most treasured memories.

Awaken to Exquisite Cuisine

We believe the best culinary journeys are the ones that cater to your individual tastes. Every day begins personally, greeted by the aroma of freshly baked bread, artisanal coffee, and a rich breakfast buffet. For lunch and dinner, our chefs craft everything from local regional specialties to international haute cuisine, perfectly paired with hand-selected local wines. It's not just dining; it's a tailored culinary experience designed to connect you deeply to the culture outside your window.

Ships Powered by Innovation

We don't innovate just for the sake of modern technology; we do it to elevate your personal comfort and safety. With one of the youngest and most sustainable fleets in Europe, our smart, elegant ships are designed to feel like a private sanctuary on the water. Every detail is engineered to give you peace of mind and effortless relaxation. We carry this commitment forward into 2027 with the debut of our newest fleet addition, the AMADEUS Mira.

AWARD-WINNING SUSTAINABILITY

Travel with a Lighter Footprint

Long before sustainability became a household word, we understood our responsibility to the greater travel world around us – from the rivers we sail to the preservation of fragile historic sites. Our work today focuses on building efficiencies and practicing smart consumption, whether we're designing a new fuel system or conserving plastic. Sustainability isn't just what we do – it's who we are.

Innovative Designs, Lower Emissions

All AMADEUS ships are equipped with highly fuel-efficient engines, supported by powerful technology like our AI-supported Fleet Controlling System. *AMADEUS Nova* and *AMADEUS Aurea*, our first hybrid ships, feature solar panels, a diesel-electric drive system designed to reduce Co² emissions, and heat exchangers that recover valuable energy. *AMADEUS Amara's* lightweight construction and extremely shallow draft allow it to glide through the rivers with minimal water resistance, enhancing fuel efficiency.

Conscientious Consumption

Aboard our ships, discover a signature style that's both refined and responsible. We avoid single-use plastics whenever possible, featuring luxurious, refillable toiletries, glass water bottles, and fabric laundry bags. Recycling is a standard practice on all of our cruises, proven by our steadily increasing recycling rates.

Certified Green Excellence

For many years the AMADEUS fleet has earned the *Green Award*, a global environmental certification that recognizes ships dedicated to the highest standards of environmental care. Established in 1994 for sea-going vessels, the award recognizes industry leaders who have made significant strides in safety, environmental performance, and social responsibility.

Giving Back with AMADEUS Smile Projects

For decades, we proudly support the very regions we cherish. Through our charitable AMADEUS Smile Projects, we build meaningful relationships with our travel communities and environments. It is our way of giving back to this world that gives our guests a lifetime of memories. Our projects focus on vital river conservation and cultural preservation in Europe as we strive to protect and preserve these ecosystems for future generations.

Legendary

“Even as a European, I was amazed by how dramatically Europe changes from one region to the next.”

ELENA, OSLO, NORWAY

Stahleck Castle, Bacharach

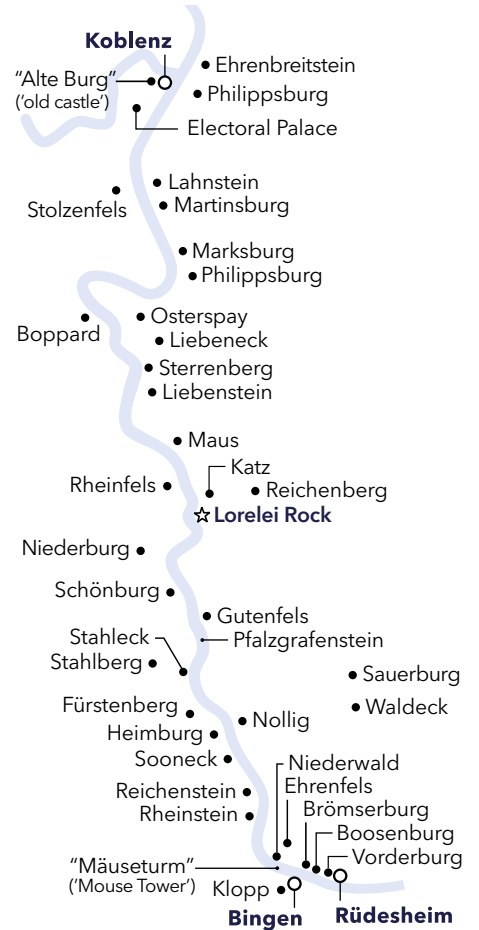

Where Castles Crown the Rhine

A Stone Legacy of Power and Prestige

Nowhere else in the world does history rise so dramatically above a river. Along the Upper Middle Rhine Valley, medieval castles crown the steep hillsides, each one once guarding one of Europe's most vital trade routes. During the Middle Ages, the Rhine served as the lifeblood of commerce, and whoever controlled its banks controlled wealth, power, and influence. Princes, archbishops, and noble families built their fortresses high above the river, transforming the valley into an unbroken landscape of stone and enduring legacy.

Strength and Romance

The dramatic terrain of the slate mountains created a natural geographic defense. Castles, such as the legendary Marksburg still remain entirely intact, existing today as the crown of heights, preserving their original medieval character. Over centuries, these once formidable strongholds fell into ruin, only to be rediscovered during the Romantic era of the 19th century. Restored and reimagined, they now form one of Europe's most iconic cultural landscapes. Today, as you cruise through the valley, this skyline recalls a time when history, power, and legend shaped the Rhine.

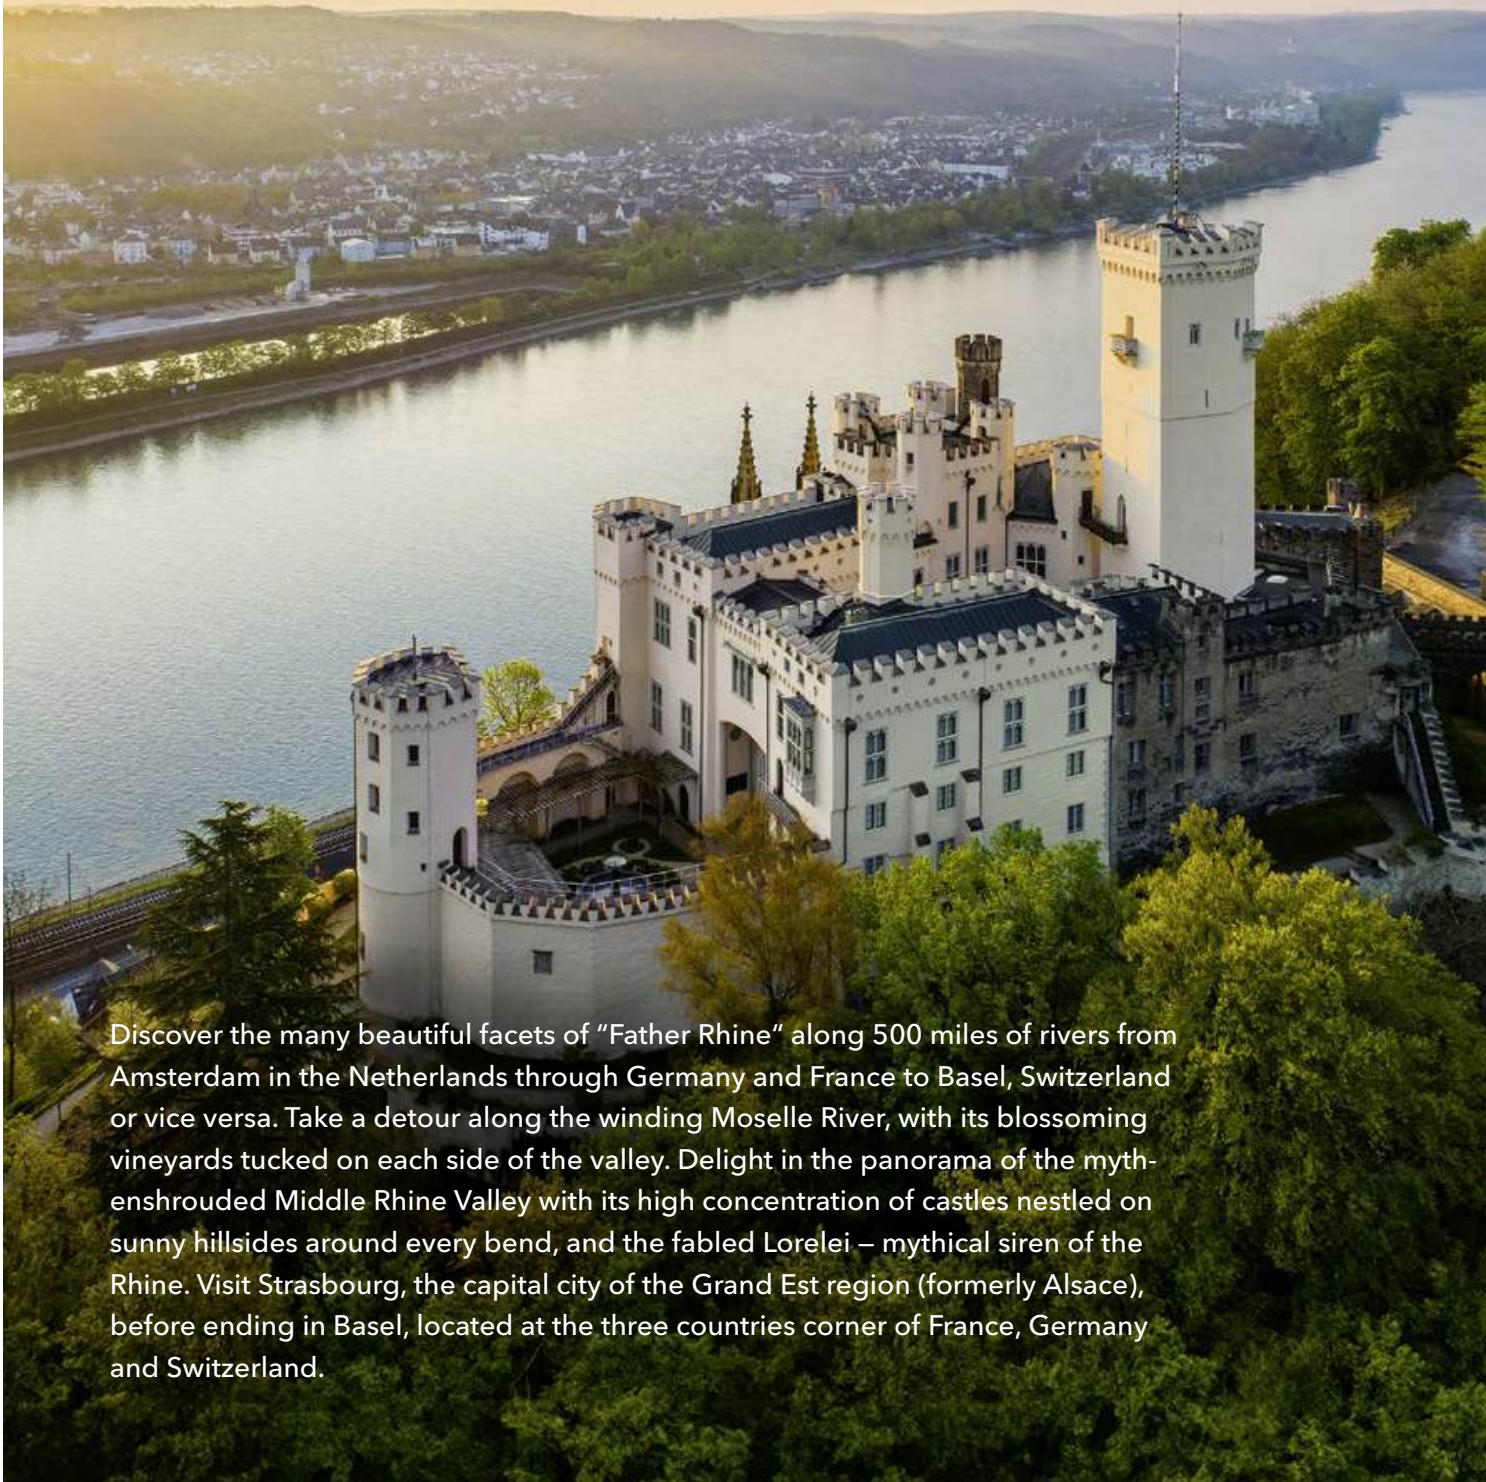

Rhine Riesling: The Soul of the River

Along the steep, slate-covered slopes of the Rhine grows one of the world's most celebrated white wines: Riesling. Its story begins in the ancient, mineral-rich soils of the Rhine Valley, where sunlit waters, cool river breezes, and slate-rich terrain create ideal conditions for cultivation. For centuries, winemakers have tended these dramatic terraces entirely by hand, preserving the pure essence of the region in every bottle. In the glass, Riesling reveals its unmistakable character: vibrant acidity, elegant aromas, and layers of flavor ranging from bright citrus and ripe peach to refined, enduring minerality.

Your daily program Cruise Cologne – Saarlouis – Cologne

DAY 1 | GERMANY: COLOGNE

Step aboard your elegant river ship and leave the everyday world behind. Meet your fellow travelers over a refined welcome dinner while the ship quietly slips away from the quay and your journey through the enchanting landscapes of the Moselle and Saar begins.

DAY 2 | COCHEM

Morning reveals the Moselle at its most enchanting. Gentle bends in the river lead past steep vineyard terraces and storybook villages as the ship glides toward Cochem. After lunch on board, explore this charming town crowned by the magnificent Reichsburg Castle. A guided walk leads through narrow streets to the imposing fortress, perched dramatically above the river valley. Wine lovers may prefer a visit to a local winery.

By evening, the Moselle gives way to the Saar as we arrive for the night.

DAY 4 | SAARBURG · SAARLOUIS

Saarburg welcomes you with one of Germany's most unusual town centers: here, the Leukbach waterfall cascades dramatically through the middle of the old town at the Butter Market.

A morning exploration reveals colorful houses, the impressive St. Laurentius Church, and the remains of Saarbürg Castle high above the valley. Those who enjoy a bit of activity can join the scenic Panorama Walk, offering sweeping vineyard views and beautiful perspectives of the town below. In the after-

Alternatively, travel to Luxembourg City – a fascinating capital where medieval fortifications stand beside modern European institutions. Discover highlights such as the Grand Ducal Palace and the dramatic UNESCO-listed fortress landscapes. In the afternoon, the ship continues to Trier, Germany's oldest city. Here, Roman history comes to life as you explore landmarks including the mighty Porta Nigra, the elegant Liebfrauenkirche, and the historic Dreikönigshaus.

“Melk Abbey holds a very special place in our family’s hearts and minds. With every christening of a new ship by Abbot Ludwig Wenzl, our histories and future move a step closer together, creating a spiritual bond that lives beyond the abbey walls.”

A Baroque Jewel Above the Danube

Rising like a golden crown above the Danube River, Melk Abbey has captivated travelers for centuries. From afar, the baroque silhouette appears almost otherworldly, yet up close, the Benedictine abbey reveals itself as a living place where history, faith, and culture come together. For more than 900 years, monastic life has shaped this extraordinary landmark, and in 2025, a new chapter began with the appointment of Abbot Ludwig Wenzl, who honors tradition while embracing a modern vision for the future.

Bridging Heritage and the River

Abbot Wenzl embodies a spirit of openness that extends beyond the monastery walls. He presides over the christening of AMADEUS river ships, imbuing each occasion with a rare sense of ceremony and meaning. In doing so, the spiritual essence of Melk becomes part of the river's rhythm, and in return, part of your Danube River journey.

A Journey Through Living History

Inside the abbey, time seems to slow. Visitors journey through centuries of faith and culture, from imperial apartments echoing Habsburg grandeur to serene gardens above the river valley.

Where Knowledge Becomes Art

The library of Melk Abbey is one of Europe's most extraordinary cultural treasures. Beneath elaborately painted frescoes, more than 100,000 volumes exist as a sanctuary for learning and reflection.

This collection spans centuries and contains: medieval manuscripts, theological works, and early Enlightenment prints, each one a testament to human curiosity and intellectual pursuit. Far above, the ornate ceiling inspires a sense of wonder, leaving you to pause in admiration of the artistry and beauty.

A Landscape Painted in Light and Color

The Magic of Normandy and the Seine

From Paris, the eternal city of art and elegance resting gracefully on the Seine, the river begins its journey through ever-changing landscapes. Lush meadows stretch along the banks, gradually giving way to dramatic chalk cliffs where the Atlantic wind shapes the horizon. A distinct light, so soft and unique, has drawn the artist's eye for generations, leading to a natural connection between art and the entire region. Few places in the world can be described as such.

Where the Seine Becomes Art

Spend an afternoon here and you quickly understand why this region is synonymous with Impressionism. Artists didn't just find inspiration – they found a new way of seeing. Claude Monet's garden in Giverny, with its water lilies and reflections, feels like a painting brought to life. Following in his footsteps, Cézanne, Renoir, and van Gogh turned impressions into works of emotion and freedom. What began as observation became expression; what began as landscape became legacy. Today, the Seine still carries this artistic spirit – alive in every reflection and change of light.

“La Belle Cuisine” – a Celebration of the Senses

French cuisine is more than gastronomy – it is a cultural expression refined over centuries. Between the Atlantic coast and the valleys of the Seine, Haute Cuisine, recognized by UNESCO as an intangible cultural heritage, reaches its highest form. Each dish reflects its origin:

Camembert from Normandy, fresh seafood from coastal waters, and crisp cider in rural inns. In the south, Provence adds lavender, herbs, and sun-drenched produce. Paired with exceptional French wines, every meal becomes a sensory experience shaped by its landscape.

Paris, Normandy and the River Seine

8 days | Paris – Le Havre – Paris

Fall in love with rivers all over again on this enchanting cruise through northern France. Follow the Seine from the romance of Paris to the rugged Atlantic coast and back, winding through the picturesque landscapes of Normandy, steeped in history and dramatic World War II sites. Along the way, step into the worlds of legendary artists like Van Gogh, Cézanne, and Gauguin. Highlights include the medieval charm of Honfleur and the Gothic splendor of Rouen, where Monet found inspiration in the magnificent Notre-Dame Cathedral. Eight days of comfort, culture, and the unmistakable spirit of France await on this unforgettable river adventure.

Important Information

AIR CONDITIONING: Please note that the air conditioning in your cabin is only effective if doors and windows are kept closed. Air conditioning can be regulated individually in each cabin.

ANNOUNCEMENTS: A public address system enables our Cruise Directors to provide important information about places we are passing, the onboard program and shore excursions. You can hear these announcements on the Sun Deck, in your cabin, and in all public areas of the vessel.

CHANGING MONEY: Please inform yourself of the currency regulations in the countries you are visiting before commencing your journey.

CLOTHING: By day and during shore excursions, we recommend casual clothing and comfortable footwear. A jacket or pullover may be required in the evening. For dinner and special occasions we recommend dressing smartly.

CRUISE DIRECTOR'S TEAM: The Cruise Director's team will look after you throughout the cruise and is happy to provide any additional information you require.

CRUISE ITINERARIES: Although every effort is made to keep itineraries as advertised, we reserve the right to make changes and substitutions as necessary to ensure the safety of our guests and our vessels. Due to force majeure, high or low water, and technical problems relating to the ship, as well as waterway infrastructure, waiting times at locks due to traffic, etc., changes may occur. In such cases, you will be immediately informed on board about the consequences.

DAILY PROGRAM: A Daily Program is placed in your cabin on the previous evening. It contains important information such as meal times, as well as the timing for excursions and other events.

DECKCHAIRS: There are plenty of deckchairs on the Sun Deck which are available free of charge.

DINING: The onboard restaurant accommodates all guests in one sitting. The restaurant serves both local and international dishes and a vegetarian option is always available. The Maître D' will assist with seating.

DOCKING: Local river authorities allocate docking space around ship arrivals/departures in port. Occasionally port conditions require ships to tie up alongside each other, in which case guests may be required to walk through another ship to access their own ship. This is part of the river cruise experience and is perfectly normal and beyond our control. Guests may experience obstructed views from staterooms when the ship is docked.

DRINKING WATER: The ship has been outfitted with a sophisticated filtration system, and the tap water in each stateroom is safe to use.

ELECTRIC CURRENT: The voltage on board ship is 230 V, European standard. To use any electrical product that is not dual voltage (e.g. from the US, Canada, Australia or the UK), you will need a plug adaptor and some devices will require a voltage converter. A two-pole adaptor is available at reception.

ELEVATOR: All AMADEUS vessels in this brochure are equipped with an elevator that services all decks except the Sun Deck.

EMBARKATION AND DISEMBARKATION: Your cruise begins with embarkation – usually from 4:00 p.m. Please refer to your travel documents for the exact embarkation time. Upon

check-in, you'll receive your cabin key and initial information about life on board. Afterwards, meet the crew during the Welcome in the Panorama Bar and receive the mandatory safety briefing. Your cruise concludes with disembarkation, which typically takes place after breakfast.

ENTERTAINMENT PROGRAM: The schedule for the onboard entertainment may be found in the Daily Program.

EXCURSION PROGRAM: For bus excursions, the minimum number of participants is 20 per language; for walking tours, it is 12 per language. We recommend booking in advance – as a discounted package up to 8 weeks before departure or as individual excursions up to 4 weeks prior to travel (after that, bookings are only possible on request and subject to availability). Please note that no refunds will be given for unused pre-booked excursions.

FAMILY CABINS: The *AMADEUS Nova, Imperial, Riva, Queen and Provence* have a limited number of C-1, C-4 resp. B-4 cabins with connecting doors, which can be booked on request for 2 adults with 1 or 2 children.

FITNESS: For those who don't want to skip their workout routine while on vacation, the onboard fitness room is available free of charge and open 24/7. It's equipped with high-quality training machines to keep you active throughout your journey. For an energizing start to the day, morning exercise sessions on the sun deck are the perfect choice.

GIFT SHOP: This shop offers exclusive AMADEUS branded items, as well as souvenirs, postcards, stamps, accessories and some everyday essentials.

GRATUITIES: Gratuities are a common way for guests to express their satisfaction with the cruise staff. If you are happy with the service you receive, our staff will appreciate tips in recognition of their effort. You will receive further information on board.

HEALTH: Please inform your travel agent if you require special medical arrangements on board. We reserve the right to refuse such requirements. For passengers with special needs, please refer to the regulations in the General Conditions of Travel.

INSURANCE: While travel insurance is not required in order to participate in this program, we recommend that each guest purchase a travel protection plan, as unforeseen circumstances can occur both prior to and during travel.

INTERNET/WIFI: All AMADEUS ships have wireless Internet/WLAN. We ask for your understanding that the connection may be weaker on certain sections of the route. In addition, there may be short interruptions when national borders are crossed. The staff on board can provide more detailed information on this.

LAUNDRY SERVICE: A laundry service is available on board for a nominal fee. Please note that neither self-service laundry facilities nor dry cleaning services are available.

LIBRARY: There is a selection of light reading material available for your use on board. Whenever possible, daily newspapers are also made available. At the end of the cruise we ask you kindly to return any books or magazines you have borrowed.

MEDICATION: If you require any special medication, please ensure that you have an adequate supply before joining the cruise.

ONBOARD ACCOUNT: Your account will include your personal expenditures in the bar, restaurant, onboard shop, etc. At the end of the cruise, you will be presented with a bill for settlement prior to disembarkation.

ONBOARD CURRENCY: The currency on board is the EURO.

PAYMENT METHODS: The following payment methods are accepted for the payment of shore excursions and the settlement of your onboard account: cash in the form of Euros, Swiss francs (CHF), British pounds (GBP), US dollars (USD) and Norwegian krone (NOK), as well as Maestro bank cards and common credit cards such as American Express, Visa, MasterCard and Diners Club.

PETS: Pets are not permitted on board.

SAFE: Please use the safe in your cabin to store valuables, cash, etc.

SAFETY NOTICE: For your safety, we kindly ask all guests to use the handrails at all times while on board. This applies to all areas of the ship, especially when using the gangways. Please be aware that not all areas of our ships can always be fully illuminated due to nautical requirements. If you feel unsafe in these less well-lit areas, such as stairways, we advise you to avoid them.

SERVICES NOT INCLUDED: Please see the travel description to determine which services are included. Tips and other personal expenses are not included.

SMOKING: For safety reasons, smoking is not permitted anywhere inside any AMADEUS vessel. Smoking is only permitted on the Sun Deck and on the River Terrace.

SPECIAL DIETARY NEEDS: If you have special dietary requirements or suffer from food allergies (e.g. lactose intolerance, gluten intolerance, etc.), please inform your travel agent at the time of booking. Our crew is experienced in carefully observing dietary needs. Please note, however, that while our crew will do their best to ensure that your request is accommodated, they are, of course, also responsible for the care of the other passengers on board. We reserve the right to refuse certain dietary requirements or to charge for them separately.

TRAVEL DOCUMENTS: Please check with your travel agent or respective embassy regarding the entry regulations of the respective countries before starting your cruise. If necessary, the reception desk will ask you to hand in your travel documents on embarkation in order to reduce the paperwork associated with border crossings as much as possible. All travel documents handed in will of course be stored safely.

TV CHANNELS: TV is received by satellite. In locks and on certain stretches of the river there may be slight interference/interruptions to the service.

Please note: Cruise programs, excursions, tour dates and prices are subject to change (June 2026). Please ask for the General Travel Conditions of Lüftner Cruises or visit our website at www.lueftner-cruises.com

General Terms and Conditions of Travel (8 April 2026)

PREAMBLE:

These travel conditions are issued in the name of the carrier, Lüftner Cruises GmbH / A-6020 Innsbruck, for the travel programs included in this brochure. In the following, this is referred to as "the carrier". The transportation of passengers and baggage on any of the vessels offered is governed solely by the Terms and Conditions of the Passenger Ticket Contract (available on request).

PAYMENT POLICY:

A deposit of 10% per person is required to secure a confirmed reservation. When more than one cruise is booked, deposit and payment policies apply per cruise. The balance is due for payment no later than 20 days prior to departure, despite no further request for payment being made. All reservations are subject to cancellation if payments are not received by the due date, and in such a case the operator is entitled to cancel the reservation/s in accordance with the cancellation fees specified in these terms and conditions. Upon full payment by the participant(s) of the amount specified in the invoice, the operator agrees to arrange for the provision of the services as described in this brochure. Your payment or acceptance of a ticket constitutes your agreement to the terms and conditions of travel.

CANCELLATION POLICY:

In cases of cancellation the operator has the right to demand the following cancellation fees, calculated as a percentage of the travel price and dependent on the number of days left until the planned departure date:

121 days or more	10%
120 – 90 days	15%
89 – 60 days	35%
59 – 30 days	50%
29 – 15 days	80%
14 – 1 day(s)	85%
on the day of departure	90%

Cancellations must be made in writing. Cancellation invoices are due for payment as soon as they are received.

WITHDRAWAL AND TERMINATION BY THE CARRIER:

The carrier may withdraw from the travel contract before the cruise starts or terminate it after the cruise has begun in the following cases, without the carrier being liable for any claims, particularly not for damages:

- a) The carrier and its representatives on board have the right to prohibit passengers from remaining on board if, despite prior warning, they do not comply with the rules and regulations in force during the cruise, including, in particular, applicable hygiene and health measures, and orders and instructions by the ship's command, or if their behavior impairs the health and well-being of other passengers or crew, and/or the safety of the ship, or if their behavior harasses other passengers. All consequences arising therefrom shall be borne exclusively by the passenger themselves and they shall not be entitled to a refund of the cruise fare.
- b) if, by two (2) weeks prior to the start of the cruise, the advertised minimum number of participants has not been reached, which is 80 passengers per cruise or whatever other minimum number of participants has been indicated in the advertising for the service concerned. This also applies in the event that it becomes apparent at an earlier point in time that the minimum number of participants will not be reached.
- c) if, by four (4) weeks prior to the start of the cruise – with the carrier having exhausted all other possibilities – it would be unreasonable for the carrier to execute the cruise because the costs incurred in the execution of the cruise would exceed the economic limit in relation

to this cruise; that is, unless the carrier itself is answerable for the main reasons leading to the situation concerned.

GUARANTEE, REDRESS AND DUTIES TO CO-OPERATE:

If travel services are not provided as contracted then the traveler may demand redress, either directly on board or via his/her travel agency. Irrespective of the carrier's overriding duty to provide service, the traveler has a duty to co-operate in that they must do whatever they can reasonably do to contribute to remedying the disruption and to keep any losses that may arise as low as possible or to avoid them completely. The traveler has a particular duty to advise the carrier's representative on board (specifically the hotel manager, cruise director) immediately of any possible complaints. However, these persons are not authorized to deal with any claims.

CHANGES IN SERVICES AND PRICES:

- a) Changes and deviations of individual travel services from the agreed tour contract (for example, timetable changes, changes to scheduled sequences, or to hotel reservations) that become necessary after conclusion of the contract, and where there is no evidence of bad faith on the part of the carrier, are permissible, provided they are not significant changes and do not alter the overall tour program.
- b) The carrier reserves the right to alter the prices mentioned in the case of transportation price increases (particularly due to rises in fuel costs), docking fees, or due to fluctuating exchange rates, or to any other rises in prices /costs that were not known at the time of the completion of the booking contract.

ACTS OF GOD, STRIKES, OR OTHER CONDITIONS BEYOND CONTROL:

- a) **Before the cruise starts:** If execution of the cruise is made more difficult, jeopardized or impaired as a result of extraordinary circumstances that were unforeseeable at the time of entering into the contract and out of the control of the carrier, such as war, strikes, civil unrest, sovereign directives (such as the requisition of accommodation or of means of transportation), embargoes, natural disasters, accidents, epidemics, pandemics, damage to the vessel (especially to the hull and engines, etc.), or other occurrences that are equivalent in their effect to the examples mentioned above (force majeure), the contracting parties may withdraw from the contract before the start of the trip, without any claims against the carrier arising from this, in particular for damages.
- b) **After the cruise has begun:** If the circumstances specified above come about after the cruise has begun and the cruise is ultimately delayed, then the carrier is authorized to reconstruct the remaining journey such that other routes or means of transport are organized, for example, by avoiding a harbor, or by traveling overland, so that the journey can be ended at approximately the original time specified. In such a case, the tour price will not be reduced and the carrier will not be liable for claims, particularly not claims for damages.
- c) **Termination of a cruise:** Should a cruise have to be terminated due to any of the abovementioned circumstances, the carrier is authorized to transport passengers and their baggage by alternate means of transport (such as by train, bus or plane) to the agreed starting or end point of the cruise, or to an appropriate intermediate point with suitable means of transport. The carrier is not
- d) **Ship in distress:** Should another vessel be in need of the cruise ship's assistance during a cruise, then the carrier is not liable for any delays caused by the assistance rendered or by any rescue operation. The decisions regarding such possible assistance rest solely with the ship's captain. The carrier will not be liable for claims, particularly not claims for damages.
- e) **Changes in the water level:** Unusually low or high river water levels may cause changes to the itinerary, possible re-embarkation onto

another vessel or transfer(s) by coach or rail, or may even lead to a shortening of the journey. The carrier and the ship's captain sometimes have to take such decisions quickly. Such measures do not justify withdrawal from the contract by the person traveling and the carrier is not

UNUSED SERVICES:

If as a result of an early return or for other reasons, passengers do not make use of individual cruise services that were properly offered, there is no entitlement to a pro rata refund of the cruise price. The carrier will, however, make an effort to obtain reimbursement for the expenses saved from relevant service providers. This obligation does not apply if the services in question are insignificant.

PASSPORTS, VISAS, CUSTOMS, CURRENCIES AND HEALTH REGULATIONS:

The traveler is solely responsible for compliance with all matters regarding travel-related regulations and prerequisites. Any interruptions resulting from noncompliance with such regulations will be at the expense of the traveler, unless caused by intentional misinformation by the carrier.

INSURANCE BOND:

Lüftner Cruises GmbH is listed in the carrier directory of the Austrian Ministry for Economics, Family and Youth under number 2004/0052. In accordance with the travel agency insurance ordinance applicable to Austrian carriers (Reisebürosicherungsverordnung – RSV), Lüftner Cruises GmbH insures customer money received. Further information regarding this travel security and on the assertion of rights, deadlines, etc., and on claim exclusions can be obtained from the travel agency handling the reservation.

TRAVEL INSURANCE:

For your own safety, it is advisable to take out an insurance policy in good time, covering, in particular, possible cancellation costs as well as damage and/or loss of your luggage, costs for possible medical treatment, repatriation services, etc.

CHILDREN/MINORS:

Due to the special nature of the cruise programs, specific provisions apply to bookings involving children and minors:

- For children up to the age of 14 (fourteen), the carrier's prior consent must be obtained before booking. Without such consent, participation in the cruise is not permitted.
- Up to the age of 18 (eighteen), minors must be accompanied by a parent, legal guardian, or another responsible adult over the age of 21; accommodation shall in all cases be in the same cabin as the accompanying person.
- The accompanying person assumes full and unrestricted responsibility for supervision throughout the entire cruise, including during shore excursions, particularly with respect to safety.

PASSENGERS WITH RESTRICTED MOBILITY:

The carrier has considerable respect for people with restricted mobility who choose to travel. In this sense it will not discriminate against persons with a disability in any way. Taking part in a river cruise does, however, place certain demands on passenger mobility. On all ships, passengers must be able to walk up and down the pathway to and from the ship as well as on the stairs and ramps without a walking aid or wheelchair. These are generally not wide enough for these walking aids and the breadth of these stairs and ramps, making it impossible for people to help with movement. Scooters and wheelchairs are not permitted on board and the carrying of other walking aids may also be restricted due to safety reasons. For this reason, persons with special needs must inform the carrier before booking who must grant

permission regarding travel. If a passenger is not permitted to travel for this reason or any other medical reason, this cannot lead to a claim against the carrier for damages for whatever reason.

FOOD INTOLERANCES AND DIETARY REQUIREMENTS:

Our chefs and restaurant staff make every effort to accommodate dietary requirements and food intolerances to the best of their ability. However, individual requests can only be considered if service fulfillment for all passengers on board can also be ensured. To ensure dietary requirements are taken into account, the carrier must be notified in writing at least 60 days prior to departure. Without timely notification, passengers cannot expect their dietary requirements to be considered. In all cases, passengers are responsible for checking the served food within their own capabilities. The carrier reserves the right to deny boarding to passengers if fulfilling specific dietary requirements would exceed the operational capacity on board. In such cases, no compensation of any kind can be claimed from the carrier. These restrictions also apply to any additional services, such as shore excursions, transfers, or other arrangements booked through the carrier in connection with the cruise.

LIABILITY/LIMITATION OF LIABILITY/DISCLAIMERS:

- a) The carrier is liable for services which are included in the description of the respective cruise.
- b) The carrier is not liable for any service disruptions, damages to persons and/or not all the ports, buses, etc. that are used have suitable facilities.
- c) The carrier expressly refers to possible liability limitations and exemptions relevant under the Strasbourg Convention on the Limitation of Liability of Owners of Inland Navigation Vehicles (CLNI), including protocols and amendments, together with the further provisions of the International Convention of Limitation of Liability for Maritime Claims, 1976, likewise including amendments and addenda, if and as applicable, as well as all further state laws applicable in this respect.
